Last month, the gift of a massive leak of the now defunct internet forum Iron March, where Atomwaffen Division was formed, provided researchers with a treasure trove of material. This is the third in a series of articles covering the Iron March data leak.

Read the first two articles in our series here:

- Iron March Leak: Forum Moderator MOONLORD Was Former Calgary Blood & Honour Member, Active Canadian Forces, Supported Atomwaffen, and Apparently Selling Weapons to French Far-Right
- Iron March Leak: Bernie Miller, Dmitri Balitsky, and Teaser

Meet Iron March user Jesse Haselmire, aka "New Canadian Empire."

Mission Statement

A group of diverse but like-minded individuals, the members of ARC have come together in their common desire to fight hatred, bigotry, intolerance and violence because of the harm these antisocial behaviors cause to our society. In that effort, we will not use or sanction the use of illegal actions (such as violence or intimidation) in pursuit of our desired aims and if we learn of anyone who does use these unethical methods we will report those individuals to the authorities. Instead, we will use the guarantees found in the Canadian Charter of Rights and Freedoms that ensure freedom of legal speech and expression.

Jesse is an interesting guy. He claims he used to be a communist, and that he was in the process of joining Mensa.

Your pretty cool for a red.				
Used to be one myself, but then just found it far to utopian.

Did you already qualify? I was honestly pretty disappointed in it when I joined because the local chapter here is all middle-aged obese programmers, nobody I really relate to any more than the average population. I can hear that part out though, I think I got my point across. The social factor wasn't why I joined some years ago so I could go to a big conference they had in Atlanta, Georgia on intercolony. I don't know if the Canadian cards are the same, but you know how you can make that wobbly sound with laminated paper? You can do that with the American cards.				
HA	[Sun Oct 12 08:35:02 2014]	Author	New Canadian Empire	IP Address [199.46.112.31]
I'm not sure what the Canadian branch does but they are sending me a shit ton of paperwork that I assume the qualifier is in there or they will direct me online if they want it timed. I to am not joining for the social element but I want to be able to pull my card out and say "I'm more intelligent than you and I have the credentials to prove it, faggot" at a whim.				
HA	[Sun Oct 12 08:34:14 2014]	Author	jeanmccoscellytalk	IP Address [174.89.82.57]
Oh, ok. I didn't have to take the Mensa test because I had already had an IQ test administered with a qualifying result. I think what they will do is schedule an appointment with you and someone licensed to administer them.				
HA	[Sun Oct 12 08:49:44 2014]	Author	New Canadian Empire	IP Address [199.46.112.31]
OK, well then my guess is that is probably the general mensa outline mission statement. Time will tell. I may be able to go off an old IQ test from high school, not sure if the majority of education releases that info. (They didn't even tell us.) But no pretty sure I'll make it. Let you know.				
Also for the longest time I imagine you as a corn snake that slithers up to the mic and lays down fresh beats and/or country songs.				

In his earlier days in Iron March, he was **very** interested in starting a political party and moving to Alberta, from the North Battleford area of Saskatchewan.

I can understand that all the main roads and rail ways pass through the flat part because it was cheaper to build, the less flat parts are much nicer, no mountains though.

It's still beautiful in it's own way. I simply prefer the mountains. I'm really grateful that our country has so much unspoilt natural beauty.				
A few of my friends are in Alberta right now. Seems like the place to be for work. I might end up there myself eventually.

I figured that any movement aligned with ours would first come out of western Canada.				
I have been working on building up a party platform. Based on Civic nationalism. But not fascist in name, the terms has become to polluted in the western world.				
So we are still looking for a name that works.

Yah there a solid Quasi fascist party that runs singapore with an Iron fist.				

Haselmire also connected with Dimitri Balitsky, aka "Vlad Astrius." Balitsky was apparently **connected to Students for Western Civilization**, along with the Yellow Vests Canada main Facebook group admin, Marc Tyler Malenfant, in addition to **starting his own hate groups** such as the Fatherland Front and Regnum Arya.

Anyway	[Fri Sep 13 21:49:18 2013]	Author	New Canadian Empire	IP Address [68.147.218.32]
Agreed. With our resources and multicultural nation we have potential to become a great power to rival the empires of old. One thing that I would promote is the propagation of Canadian culture and try to diverge it from US culture. But one Canadian culture is not tied to any one ethnic group save for the minority of Quebec. This allows all ethnic groups to identify with the national culture no matter what they are				
This worked in Singapore and they had a quasi-fascist party running the nation since its independence The Peoples Action Party. So we could brand ourselves as the party of action and progress. Or so that is the idea I have had				
Anyway	[Sat Sep 14 07:12:44 2013]	Author	Ramab	IP Address [174.4.57.56]
I'm personally more of an ethnic nationalist. I don't believe in forcing different ethnic groups together to adopt a new artificial culture rather than one organically born from their own blood				
I do however recognize the need to co-operate with one another against the monster that is present day America.				
A common banner and overarching culture could be a good thing so long as it strengthens the people and their common ideals but they don't entirely lose themselves to it. Otherwise you just have another America with a top down culture (if culture it may be called) and a fully interchangeable population because the tradition of your past doesn't matter - you're now a common American.				
Fascism is action so an action party would be ideal. Golden Dawn has the best strategy out of modern groups IMO. They don't just protest they literally are starting a revolution by taking over functions and competing directly with the state. Police won't help with crime ridden immigrant slums? GD skinheads remove them. Unemployed? GD will march you with a Greek company that wants to hire Greek workers only while exposing and attacking companies using cheap foreign labour. The government won't and because the people see action from Golden Dawn they'll gravitate towards the former fringe party				
The problem of course is to first motivate and convince people to join and become activists before you can carry out action				
Anyway	[Mon Sep 16 14:41:11 2013]	Author	New Canadian Empire	IP Address [68.147.218.32]
Yah, we would need to work towards social modification slowly. Simply because people are naturally resistant to change. However if we can set up a record of positive change people would trust us more				

He did return to Saskatchewan, however, within the year:

I'm certainly interested in some N-A style activism. You're located in Alberta if I recall correctly. I'm in a town called Kelowna which is about 4-5 hours from Vancouver but I usually visit Vancouver a few times a year. I'm currently a bit limited in what I can travel if we're meeting up somewhere since I'm studying at a university

I relocated to SK again. Been doing alright here even if all balls deep in greoks and indians				
The idea is more of a meet and greet networking while cleaning out used book stores of marxist, freemason, liberal, etc works and having a few beers around a bonfire of seditious literature				
Perhaps next summer some time, as for a location I have nothing it could be anywhere that we can have a big fire				
As for fighting for Kiev I thought more about it and decided that Azov, while awesome is being used as a shield by Kiev's kocher government and will probably be spent like Donbas battalion. I wont die a good guy

And plotted who would die first when the revolution came:

Hey,	Tue Aug 20 20:43:26 2013	Author	New Canadian Empire	IP Address	199.46.114.79
Yah, when the revolution comes the bankers and money leaders will be the first to feel the rope. They are enemies of all people via their greed.					
But I do think Africa could be a good "lab" to test fascist political, economic and sociological ideology.					
Hey,	Tue Aug 20 20:59:48 2013	Author		IP Address	24.126.230.49
Ah yes, I agree. The state of lawlessness and lack of sufficient infrastructure would be like starting out with failed states and building them up as opposed to dealing with the bureaucratic mess of liberal Western democracy.					
Hey,	Tue Aug 20 22:29:44 2013	Author	New Canadian Empire	IP Address	199.46.114.79
And that would be a true advantage. Also many more people in Africa are connected with their traditions and spiritual understanding of life. If someone would just be able to compile fascist doctrine via an African lens of understanding then it would be much easier than in a western liberal democracy.					

What is of interest is that Haselmire claims to have served in the Army, though this is the only reference to it in his private messages:

Im impressed I didnt see you earlier	Wed Apr 17 18:44:45 2013	Author	199	IP Address	217.55.68.50
Hahahaha the LLA... that IS an interest of mine as well.					
I need to study more domestic history. I haven't done enough during five years abroad.					
Im impressed I didnt see you earlier	Wed Apr 17 18:57:09 2013	Author	New Canadian Empire	IP Address	216.197.199.20
Fair enough any time in the Army didnt give me much time to study either.					

In the early days, Haselmire referred to himself as "not particularly racist":

Your heart is in the right place	Fri Oct 3 19:55:38 2014	Author	New Canadian Empire	IP Address	199.46.114.13
Well Im not particularly "racist" but whatever, that is pretty awesome here. The first thing you need to do is liberate yourself from the views of the left (And the conservative right). We get called "Fascist" and "Nazi," "Bogus" etc. We used to care. We used to backtrack. But when that happens were letting the enemy win. To be a fascist is to be a complete human being. But to also be an enemy that all will fear. When the left uses its tactics and expects us to backtrack. We do the opposite and then they need to resort to violence. That is, as a fascist we are much better and more committed to violence and in the end down our that settle all revolutions!					
Also as you will come to notice we all fucking hate each other here and were better friends for it. For most of our history Europeans have been killing each other and still do to this day (See Yugoslavia and Ukraine) so we have deep rooted ancient hatreds of one another. But we realize as fascists that such things must be let go of if our race and nations is to be saved from the communist and leftist delusion. Still we have our fun with one another. We western euros try to get the stars to fight amongst themselves (We call them Star Fights) the long standing rivalry between the Americans and (a shockingly disproportionate number of) Canadians.					
So short version. We all call each other horrible things. But we will all need to endure things far far worse than just being called names.					

Haselmire was actively looking for people to connect with, and even organize book burnings, claiming "burning ideas is a short step away from burning people, and we would not have it any other way."

Sounds good. Camping is always fun. Let me know where we plan and I'll see if I can't make it out.					
BTW are you around Rouetown? I have a friend who lives there though I've never been to SK myself.					
Obviously the situation with Kiev is difficult. Joining Azov would be essentially be signing your life away with very little chance of returning to live a normal life in Canada and I admit I am very sceptical as to how the situation can develop with Poroshenko remaining in power.					
BTW I have a copy of Bookback Mountain I was forced to buy for an English class. It is essentially gay pornography with zero depth or meaning beyond that. Would definitely bring it.					
Hey Comrade	Mon Sep 8 07:00:46 2014	Author	New Canadian Empire	IP Address	199.46.114.138
Im trying to have this event for as many of us as possible. Perhaps invite a few of the euros.					
I can get to Rouetown on a full tank of gas. But not back.					
Yes the Ukrainian situation is depressing to say the least.					
As for books I think we should try and clear out the used book stores within reason (No need to spend tonnes of money on books were going to burn) but the idea is to firstly deprive the general public of useless ideas and secondly is a short step from burning ideas to burning people and we would not have it any other way.					

He also recruited for a new national fascist group he referred to as "Northern Front." This is important, as it shows his evolution from "not particularly racist" in October, 2014 to "planning for the inevitable global race war" in August, 2016.

Hey there	[Thu Aug 25 06:58:53 2016]	Author	New Canadian Empire	IP Address	199.46.115.28
Well, at the moment we are a small group, scattered across the country. But we are building up and constantly looking for new members. We do physical training, preparation and we soon hope to do stickering and posters in large population centers.

Hey there	[Thu Aug 25 07:18:11 2016]	Author	New Canadian Empire	IP Address	199.46.115.28
At the moment membership only requires loyalty and honor. Short term we are doing physical training and preparation. Soon we hope to do posterizing and stickering in larger population centers. Long term we plan planning for the inevitable global race war.					
Hey there	[Mon Aug 29 02:37:51 2016]	Author	Red Empire	IP Address	204.237.81.133
Yeah, that sounds good! I don't live by any large computers malls or whatever lots of people like to go to nowadays, but I could make a trip out to the city. I definitely would be willing to be a part in the near future.

Hey there	[Tue Aug 23 22:26:15 2016]	Author	New Canadian Empire	IP Address	199.46.115.203
In sort we started out as a group of friends who mostly met here on IM. But in the past year we have been actively recruiting from our local areas.					
Firstly our goal is the advancement, preservation and dominance of all Ethnic European peoples. In Canada and around the world.					
Then from that we are sure you can extract most of our other aims. Are working towards posterizing and stickering and most of us already done some training. But soon I hope we can be more active, have a website and gather more members nationally, also we are obviously preparing ourselves for the coming global race war.					
Hey there	[Tue Aug 23 22:33:12 2016]	Author	Chris	IP Address	171.17.43.30
I'm all for preserving the ethnic European Canadians, couldn't give much of a shit to the other European nations. They should bow before the Canadian alphas.					
I'm down for stickering and posterizing, I also plan to join the reserves for some training.					
Yes, I'll join you guys.					
Hey there	[Tue Aug 23 22:40:46 2016]	Author	New Canadian Empire	IP Address	199.46.115.203

Why is Stuart King III interesting? Because he shares the exact same name as Iron March user "Rintrah":

EDIT: Thanks for the reddit gold, kind stranger!

From: New Canadian Empire Wed, 17 Dec 2014 19:15:47 GMT Link	I keep messaging you and cant remember if you have skype. Im trying to network with the other Canadians.
From: Rintrah Wed, 17 Dec 2014 20:29:57 GMT Link	I'm on Skype. You're Count Dragoslav, right? I sent you a message. If not my skype name is "clowniemchaphap" (made it with a friend when I was like 13 no h8 pls).
From: Rintrah Wed, 17 Dec 2014 20:30:28 GMT Link	BTW my real name is Stuart on the skype client.
From: New Canadian Empire Wed, 17 Dec 2014 23:57:07 GMT Link	Han my skype name is Jesse T Remover

Stuart/Rintrah claims to be from Kelowna:

From: New Canadian Empire Mon, 08 Sep 2014 08:49:01 GMT Link	Iv been messaging a few of the other canucks on here to plan a book burning get together somewhere up here and was wondering if you would be interested.
From: Rintrah Mon, 08 Sep 2014 09:04:07 GMT Link	I'm certainly interested in some N-A style activism. You're located in Alberta if I recall correctly. I'm in a town called Kelowna which is about 4.5 hours from Vancouver but I usually visit Vancouver a few times a year. I'm currently a bit limited in when I can travel if we're meeting up somewhere since I'm studying at a university. BTW I saw you posted in the Azov battalion thread. I looked into it as well earlier but they do not accept Canadians and at the time at least they were even turning away some Europeans who did not have military experience (I guess they've been doing well for recruits). We should keep in mind to have enough money stashed away for a plane ticket to Kiev if things take a turn in the future though.

And he attempted to join Azov Battalion:

From: Rintrah

Wed, 29 Jul 2015 10:56:26 GMT

Is it true that Azov is currently not looking for volunteers? If you are interested then who would I contact in order to join?

I would be interested in volunteering specifically near May of 2016 (as I am a student at university and that is when the courses I'm registered in now end) though I could come earlier or later if that is necessary. I am not wealthy but I can afford my own way there and back and now have a passport.

I am a healthy white Canadian male, 21 years of age (turning 22 in October), with no medical issues that I'm aware of.

Wed, 29 Jul 2015 21:21:19 GMT

Link

No, it is wrong information, foreign volunteers are still welcome in Azov. You can contact with me about it.

From: Rintrah

Awesomel

What is the proper procedure for applying? Furthermore when would you recommend I begin the process if I'm aiming for an arrival date in ~9 months time?

Stuart/Rintrah was also someone that Brandon Russell (aka Odin, leader of AWD) confided in about his problems with women:

From: Odin

Thu, 28 Jan 2016 15:15:22 GMT

Link

joe told me i should ask you this stuart.

What is the best way to make a slut that you have been talking to for months, who at first you thought was a good person. but really a slut, feel rock bottom. I need to liberate myself from this cunt. Like literally i called her out for slutting around after i heard accusations against her, she DIDN'T EVEN DENY IT "it is my personal business" she said. Then i called her out hard and she tried to killherself . but recently she has betrayed me again . i needed to liberate my self from this woman

From: Rintrah

Thu, 28 Jan 2016 17:16:05 GMT

Link

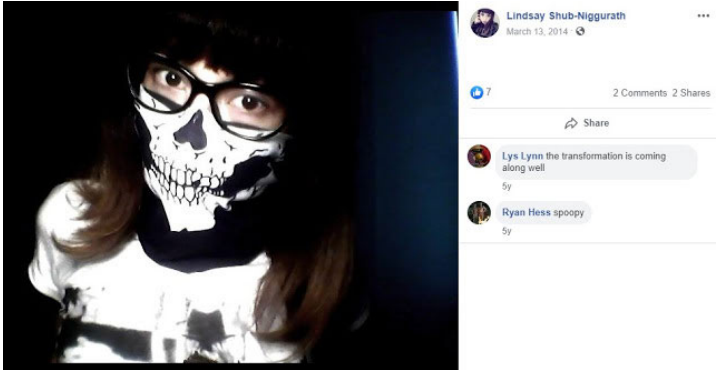

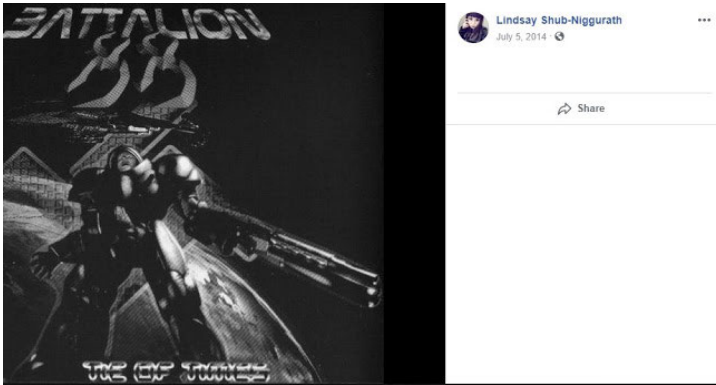

Idk bro it's really specific to the person what you would say to destroy them. You need to find what they value in their self image and then make them think the opposite is true preferably from a position where they respect you enough to care about what you have to say. If she tried to kill herself over what you said you might be on the right track. I'm flattered Joe considers me such a manipulative bastard as to be an authority on the subject though.

BTW most bitches absolutely HATE it if you sh0t up their sk0l.

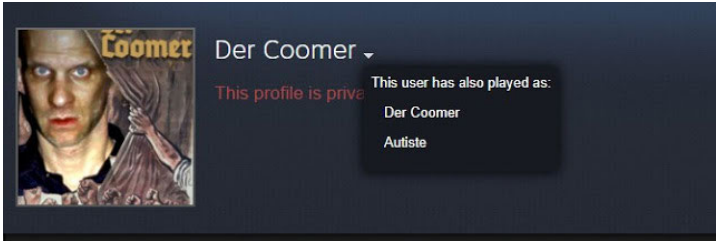

Charming

Stuart King III is friends with Lindsay Souvannarath, one of the three responsible for plotting the Halifax Mall shooting, and went by the username "With Hate As My Sword" on Iron March.

On Iron March, Rintrah links to this is his Steam profile:

Back to Haselmire, his Facebook is surprisingly open for a Mensa-qualified fascist.

And when the country has become filth?

Jesse Heermann

Its logically time to clean it up.

The abomination to the south will be Balkanized and colonized in due course. The ideal of Europa must enter the next phase of its evolution and drive our civilization forward. The degenerate Colombian ideal buts be crushed and burned. The new Europa will wash away all the shit and filth and build itself higher and further beyond the Colombian ideal.

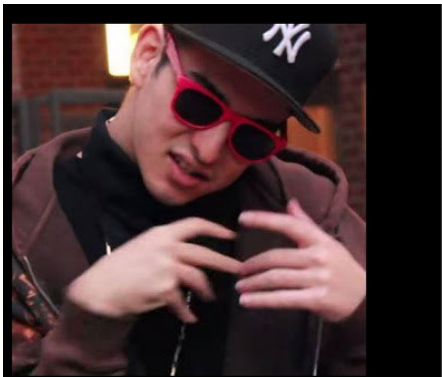

5y

Sebastian E. Ronin

Yes, I see indications of that ^{AAA} happening on a daily basis. 😊

Yes, that is **Sebastian Ronin**. Ronin is the founder of the "Renaissance Party of North America," and has organized protests in Toronto, attended by Paul Fromm and Heritage Front member Louis Morin. **Ronin also admires Anders Breivik**, and was **very enthusiastic about Dylan Roof**.

Nice to meet you, Jesse and Stuart.

Stay tuned for further articles on the Iron March Leak.

UPDATE: Since we published, we've been contacted by Iron March user BuzzStomper, who is featured in some screenshots above. BuzzStomper wasn't particularly active, and was active for a brief time. He shared his story with us - how he fell in with fascism, and how he left the ideology and how he is trying to make amends and find redemption.

We believe him, and we've agreed to publish his story here. One point he made that we feel is absolutely critical to understand is this - **"...the problem with those fascist asshats is they are good with making unwanted kids feel like they have a place in society."**

BuzzStomper's story:

The story starts like this. I was either 16 or 17 drop out from high school. I was trying to find a place in the world as most kids do. One of my buddies from growing up suggested that I turn to "fascism" as if I didn't have anything else, <at least> I had my race. So I joined the now defunct forum Iron March. I posted that I was from Manitoba, and then not to long after New Canadian Empire reached out to me to see if I'd join a skype group. Me feeling like I found a group of friends, I gave them my skype. I joined the skype group.

The skype group was your ordinary hate group, talking about what was the best camo for certain areas, and one day I realized just what I had gotten myself into and signed out of skype and never logged back in. I looked at myself and thought "life is too short to be so hateful, and what is the point of being bias to people because of skin." It was just a dumb way to look at life and live.

Since I've left the ideology I've just been trying to live my life the best I possibly can, and trying to redeem my actions and my former ideology as just being the nicest person I can be. Now I am an adult and fully see that fascism is a dead ideology and it's best left that way.

I want other down and out kids to realize that it's not the greener pasture people make it out to be.

This video has been shared on ARC before, but we feel it's important to share it again. This movement preys on young people looking for a place to belong, and it ruins lives.
